Prosoft Engineering Announces Universal Binary Support For Drive Genius

Pleasanton, CA – September 28, 2006 – Prosoft Engineering, Inc., the developers of easy-to-use, award-winning utilities, today announced that the latest version of Drive Genius now supports Intel-based Macs.

"We're excited to provide this new version of Drive Genius that is now Universal Binary that will maintain, manage, and optimize your PowerPC-based Macs and the most recently released Intel-based Macs," says Greg Brewer, president and CEO of Prosoft Engineering. "Since its introduction, Drive Genius has fast become one of the top-selling drive utilities for Macintosh systems."

Availability

Drive Genius is available for purchase online at www.prosoftengineering.com and at Apple Stores, CompUSA, Fry's Electronics, ClubMac, MacMall, Other World Computing, MacConnection and Amazon.com

Current owners of Drive Genius can purchase this update for \$10 at www.prosoftengineering.com.
