**Prosoft Engineering to Demonstrate Award-winning Products
at Macworld San Francisco 2004**

Pleasanton, CA – December 31, 2003 – Prosoft Engineering, makers of professional-grade, easy-to-use software, will demonstrate three award-winning products including Data Rescue, Data Recycler and Data Backup, at Macworld San Francisco, January 6-9, 2004 in booth #834.

Prosoft will introduce the new Data Backup 2.0 with a completely new and improved user interface. Prosoft will also be giving sneak peeks of the new user interface and added features in the next version of the popular Data Rescue. Data Recycler will also be shown. For show appointments, please contact Sherrí Jessen at 925-426-6100 x2323 or sjessen@prosofteng.com.

About Prosoft Engineering

Established in 1985, Prosoft Engineering, Inc. specializes in creating professional quality software designed to be easily used by both novice and expert users. Prosoft's line of networking and utility software products are engineered to empower users to effectively manage their data.
