Prosoft Engineering Announces Partnership with Oyen Digital

Pleasanton, CA – June 17, 2007 – Prosoft Engineering, Inc., the developers of easy-to-use, award-winning products, today announced a partnership with Oyen Digital LLC to provide data protection by including a fully licensed copy of the award-winning Data Backup 3 with every Oyen Digital hard drive.

"We're really excited about this new agreement between Prosoft and Oyen Digital. Data Backup 3 was developed for the Mac to be a powerful, yet easy-to-use alternative to the typically confusing and complicated backup software that has historically dominated the market," states Greg Brewer, CEO of Prosoft Engineering. "Oyen Digital customers will be very excited to see how easy and intuitive Data Backup 3 by Prosoft Engineering is. Oyen Digital has chosen to bundle the full version of Data Backup 3 with their drives, further ensuring that their customers will benefit from all the capabilities of this award-winning software."

"The new release of Data Backup 3 packaged with our external FireWire hard drives ensures that our Macintosh customers have all of the tools necessary to easily and conveniently protect their electronic pictures, videos, music, and system files." says Steve Oyen, owner of Oyen Digital.

Data Backup 3: Backup Made Easy

Data Backup 3 is a powerful utility that allows you to backup, restore and synchronize your valuable data with minimal effort. Whether you are a new computer user or a seasoned professional, Data Backup 3 offers you just the right amount of power, flexibility and ease-of-use to help protect your files fast.
